Charles Lazarus

A Night in the Tropics

Music from Brazil, Cuba, Hawai'i, Greece and more...

"Chuck plays everything as a grand virtuoso with the greatest confidence."

-Osmo Vänskä, Minnesota Orchestra Music Director and Musical America Conductor of the Year 2005

"Roll over Martin Denny, and tell Yma Sumac the news: Charles Lazarus has supplanted you both and then some. Informed by classical music and jazz (as well as life itself), the Minneapolis-based trumpet virtuoso's far-ranging exotica eschews cheap theatrics in favor of solid composition and the kind of self-assurance that skews toward eloquent understatement."

-critic Rod Smith

"Bedazzling technique and a refined sense of musicianship"

-New York Newsday
